

## EXETER COLLEGE, OXFORD

### Statement of Policy and Procedure on Conflicts of Interest arising in Undergraduate Admissions

#### 1. Introduction

- 1.1 Exeter College is committed to the highest standards of probity in its procedures for selecting undergraduates as part of the University of Oxford's admissions process;
- 1.2 This Policy and Procedure seeks to complement the College's long-standing Conflicts of Interest Policy;
- 1.3 The existence of a conflict of interest does not necessarily mean that a person cannot participate in the undergraduate admissions process; however, it is important that actual and potential conflicts are acknowledged, and that appropriate actions are discussed, agreed, recorded, and implemented, to ensure that the reputation of the College and the probity of its decision-making are not compromised;
- 1.3 This Policy and Procedure is overseen by the Academic Dean (in his capacity as Tutor for Admissions), and is drawn to the attention of each assessor at the start of the undergraduate admissions round each October by the Undergraduate Admissions & Outreach Officer on behalf of the Academic Dean;
- 1.4 A copy of this Policy is available on the college website.

#### 2. Scope

- 2.1 This Policy and Procedure applies to all aspects relating to the assessment and admission of candidates for undergraduate study at Exeter College, Oxford;
- 2.2 For the purposes of this policy, an "assessor" is any person who is engaged by the College to assess and/or make decisions on individual admissions candidates, at any stage in the process, or who administers the recording or communication of admissions decisions on behalf of the College.

#### 3. Policy

- 3.1 All assessors are required to recognize and disclose issues that might give rise to conflicts of interest relating to the admission of undergraduate students, whether these conflicts are actual or may reasonably be perceived to exist;
- 3.2 A conflict of interest arises when an individual's personal or family interests, or loyalties, come into conflict with – or can reasonably be perceived to be in conflict with – that individual's duties to the College;
- 3.3 A conflict of interest arising in the context of the undergraduate admissions process must actively be declared under this Policy and Procedure even where the assessor has declared it elsewhere in the College (e.g., if the assessor is a Fellow, as part their annual Trustee declaration; or it is otherwise made known to immediate colleagues);
- 3.3 The existence of a conflict of interest will depend on an assessor's individual situation. However, assessors should be aware that the following broad categories

of actual or perceived conflicts of interest could arise in the context of the undergraduate admissions process:

- (a) **Personal** – e.g. the candidate is a relative or friend of the assessor, or the relative of a friend or colleague;
- (b) **Pecuniary** – (financial gain) e.g. the assessor, or a partner or spouse where their finances are interdependent, has received remuneration for advice given on Oxford University admissions to any individual or organisation (whether the candidates advised have applied to the College or not);
- (c) **Institutional** – e.g. the candidate is a student at a school where the tutor has a formal role in the operation of the school (e.g. as a governor), or where a teacher or governor is a relative or close personal friend, or where the tutor has another significant association (e.g. in promoting the school as an active member of an Old Boys'/Girls' Association);
- (d) **A teaching Fellow's role as trustee of the College** – the candidate is connected with an individual who is known to the tutor as a benefactor, potential benefactor, or other significant friend to the College;

3.4 It should be noted that may tutors and others will have perfectly proper dealings with schools and prospective applicants throughout the year as part of their admissions and access/outreach work, and a process for recording and discussing actual or potential conflicts of interest is in no way intended to restrict these proper activities, or to prevent a tutor from being involved with the admission of students from schools with which they have conducted outreach work. However:

- (a) assessors who receive gifts or hospitality, from outside the Collegiate University, in connection with admissions and access/outreach work must declare these under this process;
- (b) in order to avoid a perception of personal influence, meetings between individual (potential) candidates and College tutors/assessors should not take place between September, following the general Open Day, and the end of the admissions round in January;

3.5 This Policy will be reviewed at least every five years by the Education, Research, and Welfare Committee on behalf of Governing Body. Proposals for amendments arising in the light of experience may be brought forward to that Committee, for recommendation to Governing Body, outside that quinquennial review cycle.

#### 4. Procedure

- 4.1 It is an assessor's own responsibility to raise concerns relating to their actual or potential conflicts of interest directly with the Academic Dean at the earliest possible opportunity;
- 4.2 On having a potential conflict of interest being declared by the assessor to the Academic Dean, the Academic Dean and assessor will discuss the issue in order to agree the seriousness or otherwise of the conflict and any action required,

and to record both the nature of the conflict of interest and any agreed action taken, as part of the admissions process;

- 4.2 The Academic Dean will report to Education Committee, in a confidential annexe to the annual report on the undergraduate admissions process, outlining the conflicts declared during that admissions round and the actions taken to manage these;
- 4.3 Where the assessor needing to make a declaration, or otherwise requiring advice, is the Academic Dean, or if the Academic Dean is conflicted, advice will be sought from the Rector.
